

## Lent

Why would we celebrate Palm Sunday on the first Sunday of Lent (18 Feb)? Should it not belong to Holy Week? The answer is 'yes' but instead of cramming our reflection time into one schedule-packed week of special services, we are going to slow down and spend the entire season of Lent on the events that took place during Holy Week. Through the lens of Mark's gospel we will follow Jesus into Jerusalem, hear him preach in hostile environments, see the reaction of religious authorities and see His disciples desert Him. Jesus once spoke of the need 'to take up His cross'. We will consider what it means for us as we follow Christ in our own time.
